DETAILED ACTION

1. **Claims 8-16 and 19-26, 28, 30-39 are pending in the application. Claims 8, 20, 23, 28 and 30 have been amended.**

Response to Arguments

2. Applicant's arguments with respect to claims 8-16 and 19-31 have been considered but are moot in view of the new ground(s) of rejection.

Double Patenting

3. Claims 8-16, 19-26, 28 and 30-39 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-23 of U.S. Patent No. 6,424,830. Although the conflicting claims are not identical, they are not patentably distinct from each other because the limitations of the claims of the instant application are broad enough to be encompassed by the limitations of the claims of the patent and as such it would have been obvious to one of ordinary skill in the art to implement the invention of the instant application using the claims of the patent in order to provide data and two-way voice communication over a data communication network.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Kubler et al. (5,726,984) discloses a packet-based hierarchical voice and data communication system.
Mahany et al. (6,654,378) teaches a transaction-based data communication system.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
